

WESLEYAN WITH PROFITS GROWTH PENSION FUND SERIES A

30 April 2024

FUND OBJECTIVE

The Wesleyan With Profits Growth Pension Fund Series A aims to provide capital growth over a medium to long term period by investing in UK and International shares, fixed interest stocks, property, cash and other related investments. The fund aims to avoid sharp rises and falls by 'smoothing' the return on your investment over the period of the plan.

SMOOTHED FUND PERFORMANCE (AS AT 30/04/2024)

Cumulative Performance to 30/04/2024

Please note that past performance is not a reliable guide to future performance and the value of your investment can go down as well as up, so you could get back less than you have invested.

With Profit payouts incorporate the effects of 'smoothing' of investment returns. Through 'smoothing' we may keep some of the investment growth back in periods of good return to cushion any reduction in value when stock markets fall. 'Smoothing' cannot fully protect customers when investment conditions decline over long periods. It is recommended that investments held in the fund are held for a minimum of five years.
